ITALIA 2026

INTERNATIONAL EXHIBITION OF PHILATELIC LITERATURE
ROME, 15-18 OCTOBER 2026

Federazione fra le Società Filateliche Italiane
General Commissioner: Bruno Crevato-Selvaggi, italia2026@filatelia.info

The jury of *Italia 2026* congratulates the Italian Federation on its decision to organise Italy's third international exhibition of philatelic literature, following *Italia 82* in Milan—the first such exhibition in the FIP world—and *Italia 2018* in Verona. Special appreciation is due to Bruno Crevato-Selvaggi for his unwavering determination to bring the exhibition to fruition despite the many uncertainties surrounding its organisation, particularly those of a financial nature. The jury also warmly thanks the individuals and organisations whose generous support made the event possible. The exceptionally low entry fee, coupled with an intensive campaign of direct promotion, attracted a substantial number of first-time exhibitors. Above all, however, the Jury wishes to acknowledge the outstanding contribution of the exhibitors, who submitted 282 entries in total; 184 Monographs, 46 Periodicals, and 52 Digital entries.

The Italian Federation appointed Giancarlo Morolli as chairman of the jury which consisted of: Christopher Harman (UK), Gerald Heschl (Austria), Bernard Jimenez (France), Wolfgang Maassen (Germany), José-Ramon Moreno (Spain), Ari Muhonen (Finland) and, as apprentice, Marco Panza (Italy). Luca Lavagnino (Italy) supported the jury's activities as jury secretary.

In the previous three months the jurors conducted a preliminary assessment at home of all digital entries and approximately half of the other entries presented as PDF files. They formalised their evaluations of the digital entries during two online sessions and then met in Rome from 15 to 17 October. All jurors examined every entry, probably for the first time in this class at international exhibitions, and reached unanimous evaluations in a very friendly and constructive atmosphere. On an experimental basis, the exhibits were evaluated under the new FEPA regulations, which cover both paper and digital entries. Feedback on this experiment will be duly submitted to FEPA for further consideration.

The Jury transferred a number of exhibits between the Research and Documentation categories, or vice versa, as these definitions—introduced under the new Regulations—have not yet been clearly understood by exhibitors. Furthermore, for the benefit of the exhibitors, the Jury evaluated three exhibits that did not fully comply with the IREX requirements regarding the number of issues covered by the periodicals, but which nevertheless presented sufficient material for assessment.

In view of the variety and quality of the exhibits, "Italia 2026" will become a milestone in the history of philatelic literature exhibitions.

Giancarlo Morolli
